

CANSO CEO STRATEGY SUMMIT

6 MARCH 2017, MADRID

The CANSO CEO Strategy Summit will be a highly interactive event that will actively engage Member CEOs in open discussion to help establish an enduring strategy in the future world of ATM. This will be achieved by exploring key influences on the future of ATM, what these might mean for the ATM industry by 2035 and what the purpose and role of CANSO should be in that context.

MONDAY 6 MARCH

09:00 – 09:25 **Session 1 – Introduction by CANSO Chair**

The CANSO Chair, Ed Sims, will set the expectations of the Summit discussions, what to expect during the Summit, the intended deliverables and next steps.

09:25 – 10:25 **Session 2 – Overview of Vision 2020 achievements and what remains to be done**

This session will help to ensure that Member CEOs have a common understanding of what has been achieved to date and what remains to be delivered under Vision 2020. This will be achieved by giving an authentic sense and feel, with tangible examples and justification.

10:25 – 10:45 **Coffee break**

10:45 – 12:00 **Session 3 – CANSO Member views on the CANSO of today (CANSO CEO Survey)**

This session will present and discuss the results of the recent CANSO CEO Survey and their implications.

12:00 – 13:00 **Lunch**

13:00 – 14:40 **Session 4 – The future of the ATM industry**

This session of open, moderated discussion will obtain the views of Member CEOs on what the ATM industry will most probably look like by 2035. This will provide the input and framework for creating an agreed view of the key influences and strategic direction of the ATM industry – which will be of benefit and interest to all Members and guide the future purpose and role of CANSO.

14:40 – 15:00 **Session 5 – Wrap up**

This wrap-up session will summarise outputs and explain what will be done with them and what happens next, including actions and timescales.
